

UMAREX BOYS CLUB

Our Story

The Umarex Boys Club came into being over on the AirgunBBS. At the time a group of air pistol aficionados noticed they were always to be found chasing any Umarex pistol that came up for sale. One of that fledgling group was our founder Cookie (Jason). That was on 12th March 2008. It carried on as a group on the BBS under the Air Pistol section gathering more and more members leading to a dedicated online shooting club.

At first discussions were centred on air & Co2 pistols. The latter almost entirely concerned modern semi auto and revolver replicas. Nowadays you will find all sorts of interest catered for including airguns, air rifles and airsoft through to black powder firearms, archery, knives and many more.

Founder—Cookie (Jason)

The next milestone was on the 17th October 2008 when Phantom (Tony) announced that the UBC now had its own forum and later that same month the very first UBC Meet took place at the Greyhound Shooting Club at Sutton Stop, Coventry. It was an immediate success and has been run many times since.

By the end of 2009 we had over 100 members and we were starting to get recognition in the shooting magazines. More exposure led to more interest and at the end of 2010 membership stood at over 300. Further exposure through the magazines and the website led to an exponential growth in membership with over 1700 members in 2013.

This growth continued apace. Today we have a membership of over 2500 worldwide. Our members come from over 40 different countries (Argentina to Vietnam). Among this membership are many with great experience and skills in many facets of the shooting world (including amateur and professional gunsmiths) and the forum holds a wealth of advice as well as being a place to discuss, display and generally talk about airguns.

The Umarex Boys Club celebrated its 10th Anniversary in 2018 and we are very proud of how the UBC has grown & grown. We have a reserved space in Airgun World each month for articles written by our members along with reviews of air pistols & air rifles.

Events Team 2020

Through the efforts of Paddy Egan we are supported by Umarex, John Rotherly, the official U.K importers, Solware RFD & many others.

We like to think we have the friendliest internet forum out there for air pistols and air rifles, you'll never get flamed for asking any question or told to go do a search. We welcome everyone whether you're a complete novice or an established shooter, we've found over the years that no matter how long you've been involved in airguns & airgun shooting there is always something new to learn. If you have any tips or tricks post them on our forum, they'll all be welcomed.

Alongside the forum is the competition web site, where you'll find an amazing array of competitions run each month. They are run for fun and are a great way to give all your guns a regular outing. In here you will find 10mtr & 6yd Bullseye competitions along with a number of fast action shoots & the impressive Police Pistol/ Rifle series of competitions.

We hope you like what you have read about us and feel you would like to become part of our UBC family.

Come Join the Family!
